

Finding your serial number on a LOGIQ System

On touch panel select Utility > Admin

The screenshot displays the 'System Admin' utility menu. The 'Users' tab is selected, and the 'Product' section shows the HW Number 503061US7. The 'Installed Option Keys' list includes BYT87-APMZ7-NPM34-KV2TM-JDGKA and UCROE-WJZHL-%NENS-H8ANH-26ARL. The 'Service' section has several checkboxes, and the 'Protected Health Information (PHI)' and 'USB External Media' sections are also visible.
